Gravitron by Greenleaf Nutrients

**Gravitron**

Gravitron is a flower and bud hardener comparable to Humboldt County's Own Gravity. Apply it a few weeks before finishing and this will show results that are difficult to duplicate by any other product. Gravitron fills out flower clusters and increases total flower mass without interfering with flower scent and color using natural kelp extracts and PGRs. *In the United States, this product is used for non-residential turfgrasses only.*

**Dosage Instructions Options: Shake Well Before Use!**

Use a few times starting about 3 weeks before plants harvest. Follow instructions carefully! Please contact us for any questions before using above. Choose 1 of the following options for use.

Option 1) Dilute the supplied bottle contents (100ml bottle) into 1 Gallon of water (3.78 Liters) to get a product just like Gravity. Then, you can use **1tsp (5ml) per Gallon of water for your plants.**

*Or,*

Option 2) Use **directly out of provided bottle using syringe to your water reservoir**

**Gallons**

Water Amount	5 Gallons	10 Gallons	50 Gallons	100 Gallons	500 Gallons	760 Gallons
Syringe dose	.7mL	1.3mL	6.6mL	13.2mL	65.8mL	100mL

**Liters**

Water Amount	28 Liters	140 Liters	280 Liters	700 Liters	1400 Liters	2800 Liters
Syringe dose	1.0 mL	5mL	10 mL	25mL	50.0mL	100mL
