

Sweet Candy by Greenleaf Nutrients

### Sweet Candy

Sweet Candy is a premium, full flavor, aroma and yield enhancer. Promotes scent, root zone health, beneficial bacteria and vibrant plants. Contains several different types of carbo sources, 20 amino acids, 70+ vitamins and minerals, isoflavonoids, anthocyanins, polyphenols, tannins and isoterpenes for superior aroma, potency and heavy yields. This formula is similar to Bud Candy.

#### Analysis

Soluble Potash (K20)	1.0%
Magnesium (Mg)	.5%

**Dosage:** Add powder directly to reservoir as follows:

*1tsp = 14 Liters, or .35 gram per liter.* For long life, keep as dry form and mix into liquid when ready to use as needed.

**Storage:** Dry nutrients can absorb water from the atmosphere and may be degraded by light. Store in dry, dark container.

**PH Balance:** Adding any nutrients or additives may effect pH of nutrient solution. To get a proper pH, add the nutrients first, then finally measure and balance pH in your final formula mix afterward.

**Mixing:** Nutrients mix best in water at about 105 ° F, or 45° C
