**Dosage:** 1 teaspoon per 10 Liters, or .5 grams per Liter added directly to reservoir. This product may be mixed as a liquid concentrate and dosed at 1-2ml/L.

**Storage:** Dry nutrients can absorb water from the atmosphere and may be degraded by light. Store in dry, dark container.

**PH Balance:** Adding any nutrients or additives may effect pH of nutrient solution. To get a proper pH, add the nutrients first, then finally measure and balance pH in your final formula mix after.
